

Certificated Nursing Assistant
Blended Class

For instructor approval, read and sign this paper.

In this blended class there is a high drop-out/failure rate. I want you to succeed, so please read the following and make sure that this is a class you can commit to and that it aligns with your learning style.

1. This is NOT a class for everyone.
2. You need to be able to learn from a book by yourself.
3. You need to be self-motivated. If you do not complete the work when it is due (without anyone reminding you), you will fail this class.
4. You need to have access to a computer with internet. I highly recommend you have a back-up plan. We do about ten on-line quizzes each week, worth about 500 points. If you have computer problems, it is not an excuse. If you do not complete and submit the assignments, you lose the points.
5. You must be in class. If you miss more than one class period, you will fail the class.
6. While in class you will learn and practice skills. In addition, you will need to spend at least five hours per week at home practicing.
7. Clinicals are usually held on three Saturdays, 5:30 a.m. – 6:30 p.m. Exact dates will be announced.
8. If you want to start working on the workbook, do so.
 - a. You may use black ink or pencil. No other writing utensil will be acceptable.
 - b. You are not required to do the "Nursing Skills Video," or "Optional Learning Exercises," nor the "Independent Learning Activities."
 - c. You will not be responsible for pages 247-449.
 - d. You will not be responsible for Chapters 24, 29, 31, 45, 47, or 48.

I have read the above requirements and understand what is expected of me in this class.

I have also read and understand Registration of Certificated Nursing Assistant Classes.
